This video (starting at min. 12) shows many experts who have proof of treason in our nation. People of all political party backgrounds should care. This video (starting at min. 12) shows many experts who have proof of treason in our nation. People of all political party backgrounds should care.

Anna [redacted] OAN and my pillow guy; that's all that needs to be said. What does this have to do with Candlewick?

Anna [redacted] Ali [redacted] Mike Lindell is Trump biased in every way. I don't doubt that there is foreign interference every day on the internet. Russia has notoriously been a big player, but you won't hear that from him, OAN, Newsmax, or Fox because they were pushing Trump. When you listen to biased reports you only hear one side of the story, and that goes for CNN too! I just don't feel that thousands of Americans working polls and such were part of this huge conspiracy when Trump even said over and over that if he doesn't win, it's rigged. That is all I am commenting on this post. It has no place in this forum in my opinion.

Sherry [redacted] I appreciate you posting this Ali. We all need to know what is going on in our own country, and we should all care. It should be here as much as anything else we might post, it affects CWL wheather we agree or not.

Anna [redacted] Sherry [redacted] Ali [redacted] I like how you equate that the people who don't agree with your opinion should care. I do care. I love this country. I just don't believe the conspiracy theories being tossed around.

Do you know who created the phrase, "Conspiracy Theory?" The Central Intelligence Agency or to some the CIA. Wonder why some have adopted it so casually, naiveté?

"In 2013 Professor Lance Dehaven-Smith in a peer-reviewed book published by the University of Texas Press showed that the term "conspiracy theory" was developed by the CIA as a means of undercutting critics of the Warren Commission's report that President Kennedy was killed by Oswald. The use of this term was heavily promoted in the media by the CIA. https://www.amazon.com/Conspiracy-Theory-America-Discovering/dp/0292757697/ref=sr_1_1?s=books&ie=UTF8&qid=1471971025&sr=1-1&keywords=Conspiracy+Theory+in+America

It is ironic that the American left is a major enforcer of the CIA's strategy to shut up skeptics by branding them conspiracy theorists."

Until we understand the top of the pyramid, European Central Bankers like the tip, Rothschild, then 2 and 3 Kissinger and Soros, and our history from the Banking Act of 1871 handing us as a corporation back to the queen and the Vatican, (What was the name of the 10 mile square territory of Washington DC prior? ROME! Between "Mary"land and "Virgin"ia.) we have a long way to understand the corruption that is, "THE DISTRICT OF CRIMINALS!"
